

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 13 November 1967

STAT 1. [ ] Contacted Mr. Ed Willett, Office of General Counsel, Civil Service Commission, concerning the status of the Commission's report on the revised draft amendments to the Agency's retirement act. Mr. Willett reported that the General Counsel had this morning approved the report and that all other internal coordination had been accomplished and that it was now ready for signature and transmittal to the Agency.

STAT 2. [ ] Mr. Al Westphal, House Foreign Affairs Committee staff, called to raise a number of questions on the provisions of the Agency's retirement act in connection with a hearing he was soon to attend in connection with S. 2003, the Foreign Service Annuities Adjustment Act, now pending before House Foreign Affairs Committee. Specifically, Mr. Westphal raised questions involving Sections 233, 234, 235, 236, 252, and 262. Mr. Westphal said he appreciated our clarifying these matters for him.

STAT 3. [ ] Spoke with Mr. William Woodyear, Department of State, concerning several items of pending legislation of interest to the Agency. See Memorandum for the Record.

STAT 4. [ ] As a follow-up with regard to the planned visit of Chairman David Henderson, Manpower and Civil Service Subcommittee, House Post Office and Civil Service Committee, I talked to Mr. Bun Bray, of the Subcommittee staff. Mr. Bray advised that his conversation with Mr. Henderson on Thursday had indicated some difficulty in visiting at Headquarters this week. He intends later in the day on the Chairman's return to the city to talk with him again.

I also talked to Mr. Bray in the afternoon on this matter. He advised that the prospects for the Chairman's visit to the Headquarters any time this week are less than good. I am to contact him again later in the week concerning the Chairman's schedule for next week.
